**Judge: Kelly Wells (Bitches)**

I would like to thank the junior bulldog club for inviting me to judge the bitches opposite Lynn Manns judging the dogs , overall health on the day really good in our breed , some tails not as good as last time I gave cc's , a few with hairs in the gums giving an odour when looking at the mouth ,still a few with stains that can not be covered with cream , and a few with excessive Chalk ! And at the end of the day this is a championship show and more attention should be given to presentation including ears ! This is not to say we are lacking in quality, I was extremely pleased with all my placing and was please that most excepted them with good sportsmanship. Not forgetting to praise the young handlers coming through very gentle earning respect from their dogs .
